

Opening of Art Exhibition by Jos Letschert "Double Dutch"

Levantehaus, Hamburg | 22 October 2010

Dr Jos Letschert, founding member of Storyline International and host to the first Golden Circle Seminar in 1989 held in Enschede, Holland, retired last year from his joint position as Professor at Twente University and Curriculum Designer at the SLO Institute for Curriculum Design in the Netherlands. Now he has entered a new career as artist and painter. Encouraged and supported by his wife Beate (host of the 1997 Golden Circle Seminar in Hamburg) he has presented his first major exhibition in the Galerie Levantehaus. At the official opening by the Gallery manager on Friday 22nd October 2010 several colleagues from the SLO attended as did a host of other friends from Germany and abroad. Over 60 paintings and drawings of stunning quality provided a rich focus for all the visitors.
